"We'll be looking to fill that seat as soon as possible," the superintendent noted of the anticipated vacancy on the school board. "Obviously, it's a pretty important

He said Hyde's resignation will be an agenda item at the next board meeting, and he noted that the board likely will accept the resignation.

"I'm sure they likely will," Booth said of the decision by board members. "I can't comment on that, but I'm sure they probably will."

Booth said there will then be a two-week period during which people who are interested in Hyde's seat, which represents District 3 on the board, can write a letter of intent, submitting in writing their interest to take that board seat.

The district will subsequently go about the process of filling that seat on the board.

The superintendent noted that the district has 60 days to fill the seat, or the governor will fill the seat if no one's been chosen in the 60

days. Booth said he believes

The superintendent noted that students who are not worried about checking their phones or smart devices will be more

"Our legislators also cited the social, emotional and mental health effects that cell phones can have," Booth observed, noting that the students won't have anything to miss if they don't have their cell phones and can thus be more engaged in their classes.

The superintendent also said students this year will have to abide by guidelines that allow only clear water bottles at school and no zip-up binders; additionally, any over-the-counter medication that parents want to be dispensed at school must have the consent of a medical practitioner,

Booth added that changes in the attendance policy will now allow parent notes to be accepted for six full-day absences and six partial-day absences, or tardies.

forms are no longer required after 10 days of absence.

tum built last year in the district as a new school year begins in the coming week.

"I feel like we've become closer as a family," he noted of relationships in the school district.

Humphries also noted that the county has closed out the previous FEMA event and has received funds for that event: he said that was from storm damage that the community suffered on Memorial Day weekend in May.

That storm impacted most of Trigg County and particularly the southern part of the county, the judge-executive noted at Monday's meeting.

Those funds helped toward the purchase of a grapple truck "and all those things that went along with that," he said.

"It went a long ways in paying for the grapple truck and so it was probably a good purchase," Humphries continued of the use of the funds.

on those roads.

The court also heard from Trigg County Road Supervisor Brandon Calhoun, who among other things said the Trigg materials are being used

County Road Depart- for road improvements ment has started its third round of bush hogging.

Calhoun told magistrates that his department is busy handling its daily responsibilities, like the bush hogging, limping and ditching.

He also noted that he has spoken recently with chip and seal crews, with that process beginning in the local community.

Kyler presented her annual settlement for the fiscal year ending on June 30, with the county having an ending cash balance of \$507,675.20 on that date, according

to the settlement. The county had total pick up debris and went fund disbursements of \$6.5 million during the fiscal year and \$1.4 million that was transferred out, according to the treasurer's settlement presented by
