## Rate change

*FPB cable customers may see 5% hike from network pass-through fees*

By Chanda Veno  
The State Journal

Frankfort Plant Board cable customers may notice a rise in network pass-through fees on their bills starting in July. The proposed hikes are a direct result of increased programming costs of the channels on FPB cable.

During its May board meeting, FPB held a public hearing about increasing the rate of the cable network pass-through fee, as well as the rate for Bulk Cable I and Bulk Cable II.

## Resources still available for April flood victims

State Journal staff report

Ready Frankfort along with city and county government on Monday gave a brief recovery update for those still dealing with the ramifications from April's historical flood.

Dumpsters will continue to be available in flood-affected areas for the next two weeks and are specifically for residents doing flood clean up.

## Summer treats delight at library

State Journal staff report

Summer fun was on the menu at the Paul Sawyer Public Library on Monday. Children and their parents took part in the Beyond the Plate—Summer Snacks event on the second floor at the library.

Using the library's mobile kitchen, participants made and tasted summer treats that will help beat the heat. They made s'mores treats, yogurt and fruit parfaits and more.

After enjoying their treats, they went into the children's library to play games.

Keep your children entertained and reading this summer by joining the Color Our World Summer Reading Program, where children will receive activity kits and books catered to their reading level. Registration is open and can be completed at [www.pspl.beanstack.com](http://www.pspl.beanstack.com).

Sign in or log in. If you participated in previous years, log in. If you are new, click on "register an individual or family." Under discover/challenges, find the Summer Reading challenge for your age group and select register. After registering online, stop by the library to pick up a ticket to a Kick Off Pool Party at Juniper Hill Aquatic Center to be held on Thursday, Friday or Monday (choose a date). Tickets available while supplies last.
